I'm not familiar with the system. Maybe the solar is functioning fine and yes it could be the battery. Hopefully Justin is knowledgeable about both components.

We're all thinking that's it's a bad battery, as that was the case the last two times it went out.

Thanks!

That sounds fine to me.

Do we know what the actual problem with the sign is?

Subject: Solar lighting for our sign needs repair

Justin, thanks for taking my call this afternoon.

The sign is a gateway type (image attached) and the lighting is not working. It's solar. It's located on Highland Ave. immediately north of Melrose Ave., in Hollywood 90038.
